Junior IB Associate (Corporate Finance Advisory)

Job description

- **Financial Analysis and Valuation**: Conduct detailed financial analyses, develop and maintain financial models including discounted cash flow (DCF), comparable company, and precedent transaction analyses, to support deal valuation and decision-making processes.
- **Market Research and Industry Analysis**: Perform in-depth desktop market research and competitive analysis to identify industry trends, potential targets, or acquirers, and key value drivers for M&A transactions.
- **Support in Deal Execution**: Assist in preparing transaction documents such as pitchbooks, information memorandum, and management presentations, and contribute to due diligence processes by organizing data and communicating with clients and advisors.
- **Client and Team Coordination**: Work closely with senior team members to support client interactions, provide timely updates, and ensure the smooth execution of deliverables within tight deadlines.

Qualifications

- Bachelor's or Master's Degree in Finance, Economics, Business Management or related fields
- 0-3 years of experience in Investment Banking or Commercial Banking Businesses or Financial Analyst or Accounting
- Understanding banking products
- Good written and spoken English.
- Handle multi-tasking
