Krungsri Internet Banking Laos

Overview

Krungsri Internet Banking Laos (KIBL) is aimed to facilitate online banking services to the Bank's corporate customers. Krungsri Laos Branches would like to provide additional channel of services to customers in making instructions. Existing customers' platform is paper base and approval process transaction are not convenient for authorizers especially whose main offices are in overseas. The online banking will provide extra features which are specifically granted toward the needs of corporate customers. It allows customers to readily manage their financial needs to achieve business flexibility.
